Why HiB Novum makes the difference...

Home is where the heart is, and when it comes to the bathroom, we all need a space that soothes the body and stirs the soul. That's why we created HiB Novum – to help homeowners find their signature bathroom style and provide the 'wow' that comes from a beautifully styled interior.

We believe in perfection made personal. Our extensive range of meticulously crafted bathroom furniture has an eye-catching option for everyone. Whether your dream bathroom is cool and contemporary, traditional and timeless, or artfully avant-garde, HiB Novum lets you create it, without compromise.

How we can give your bathroom the wow-factor...

We know that bathroom furniture is more than just storage, it's the foundation for your entire interior design.

HiB Novum is about finding the balance between substance and style – creating a bathroom you love, that fits around your lifestyle. For those who value individuality, our mix and match countertops create a bespoke look for every household. From soft-close doors to a choice of ceramic or mineral marble basins, each detail of every HiB Novum product is designed to provide a show-stopping bathroom experience, no matter what the space.

For furniture that keeps your bathroom calm and clutter-free, while representing the style of your home, choose HiB Novum.

Discover your style...

Rob Stiff is HiB Novum's Furniture Product Manager. With many years experience in the industry, his design expertise is second to none. After graduating with a degree in Product Design and Innovation, Rob began his style-led journey working for a high-end European bathroom furniture manufacturer.

In 2015 we welcomed him into the HiB family, where he has been instrumental in the development of the HiB Novum brand. Below, Rob highlights the three key features that truly set HiB Novum apart from the crowd and add a dash of 'wow' to any bathroom.

Floating furniture

Wall-hung furniture is ideal for space-seekers. These units offer a stylish storage solution that creates the illusion of extra room without compromising on practicality. The floor beneath the cabinet is still visible, which makes the room feel more spacious.

Pairing these units with ambient LED underlighting can help to pull the entire decor together, and these small details can mean the difference between a bathroom that looks good and one that looks 'beautiful'.

Contemporary Classic

Traditional style is here to stay. Traditionally designed furniture with a contemporary flair creates a sense of timeless elegance, resulting in a bathroom that looks classic and stylish year after year. Our Kingsbury furniture range is a truly luxurious new collection, designed to take the quintessential English shaker style into a new era of modernity.

Space savers

A combination of clever design and de-cluttering is key to maximising bathroom space – a concept we have mastered. No matter how big or small your bathroom is, you can attain a lavish look with HiB Novum. Each range blends sophisticated design with valuable storage space.

Creating your beautiful bathroom...

Close the door, light the candles and indulge in an invigorating soak. Your bathroom is your sanctuary, which is why its design should reflect your unique taste. Create a bespoke designer look with a choice of sizes, shapes, styles, materials and finishes — with storage to match. From edgy vessel basins to luxury countertops, we have those special touches to make your bathroom beautiful.

Size

Small, yet perfectly designed...

Consider our compact ranges, such as **Tempt**, **Tranquil**, **Camber** and **Reveal**.

Big and beautiful...

Make the most of it with spacious units that offer abundant storage, such as **Beau** or **Glyde**.

Basin and countertops

Modern mineral or classic ceramic? Your choice. Choose your basin from a selection of rectangular and shaped designs, all of which fit perfectly onto your favourite unit. Or, bring boutique hotel vibes to your home with a countertop and trendy vessel basin.

Finish

Choose your favourite finish from a choice of on-trend tones and textures. They're also ultra-hard-wearing, which will ensure your bathroom stays looking new for years to come. Keep everything co-ordinated or mix and match for the ultimate colour combination.

Storage

Encase your toiletries, towels and tissues in one of our matching tall or midi units. A sleek mirrored cabinet not only complements your basin, but also offers ample storage.

Remember... you can add that final wow-factor with elegant underlighting - see page 95.

Tempt

Tempt

Our popular Tempt range combines clean lines and a beautifully simple design, creating an understated, minimalistic look that will enhance all bathroom concepts.

Aside from sleek good looks, compact design and a broad appeal, Tempt is incredibly practical, boasting plentiful storage to ensure your bathroom essentials are out of sight and tidily stored away.
