R2

At R2 we like to think we know a thing or two about bathrooms - we've been designing them for over 35 years.

We're a family owned bathroom business based appropriately enough in Bath. We have an in-house team of experienced product designers and an excellent reputation for customer service.

We know value is important to you but that shouldn't be at the expense of good design. That's why our furniture features fully coordinated pieces, made from quality materials, with soft close doors and drawers. Our taps are of the highest quality brass and are beautifully chrome plated. Our LED and backlit mirrors are IP44 rated for safe bathroom use.

So whether you're looking for a contemporary wall mounted bathroom or a fully integrated solution, look no further than R2.

halcyon features

Basin units
For those seeking a classic style for their bathroom look no further. The Halcyon freestanding basin units are the perfect option with a choice of 500mm or 600mm widths.

Finishes
Halcyon is available in 3 finishes; natural white, stone grey or midnight grey. These muted tones complement the elegant shaker design and deliver timeless styling.

Traditional basin
The traditional ceramic basin perfectly complements the classic styling and is available in both 500mm and 600mm widths with the option of either one or two tap holes to suit a mixer or pair of taps.

Handles
Halcyon is supplied with a classic furniture knob. To customise your look further any of the R2 handles can be purchased separately – for example the Stamford pull handle shown here.

halcyon

Characterised by its classic good looks and shaker styling, Halcyon is the essence of timeless bathroom design. Available in either 500mm or 600mm widths, you can choose from a muted palette of natural white, stone grey, or opt for midnight grey for a more dramatic look.

Base units
If flexibility is what you're after then Contour delivers this in spades. Our new compact 1000mm base unit incorporates a basin and back to wall WC unit, topped by an isocast basin with integrated worktop. Basin units are available in a variety of widths to suit all bathroom sizes, both in wall mounted or freestanding options. The 3 drawer unit offers very practical storage, while the slim depth 500mm cloakroom unit is perfect for a small ensuite. Available in a contemporary palette of gloss white, anthracite or stone grey finish.

Contemporary basin
Contour's ceramic basin is a simple rectangular shape with curved edges and generous wash area. It is finished with a single tap hole and integrated overflow.

Soft close
The doors on the basin units and wall column feature soft close hinges for a luxuriously quiet and controlled movement.

Coordinating storage and WC units
Additional storage is available with the 350mm wall column, which combines 2 storage areas and a single shelf. There is also a coordinating single or double door mirrored cabinet. For a fully integrated look opt for the matching back to wall WC units.

Basin unit detail
Stylishly understated, the agile basin unit has elegantly proportioned sides to the carcass and a slim depth, space-saving profile. Available as a 600mm wall mounted unit, and a 600 freestanding unit, it comes in a gloss white finish. Matching slender chrome handles add the perfect finishing touch.

Soft close
The wall mounted unit has a deep drawer with soft close runners for quiet closure, whilst the doors to the freestanding units are quick release with soft close hinges.

Contemporary basin
Agile's coordinating Isocast basin has a generous wash space despite its slim profile, with the square lines lending it a sharp contemporary edge. The glossy finish of our Isocast basins is both highly durable and easy to clean.

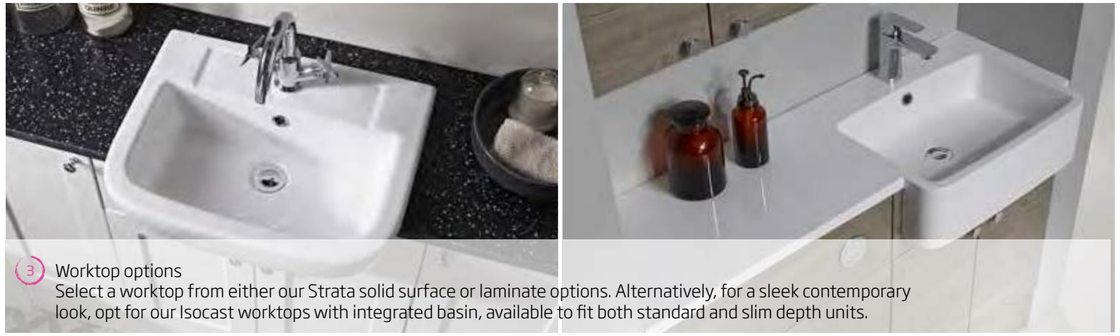
fitted furniture

How to order your fitted furniture

R2 fitted furniture will create a unified look in your bathroom as well as maximise the available space to give you lots of storage. Fresh contemporary finishes and a choice of worktop and basin options offer the flexibility to create the perfect solution to suit your style. It's very straightforward to design and plan your new bathroom-simply follow our step by step guide and use the following few pages for inspiration.

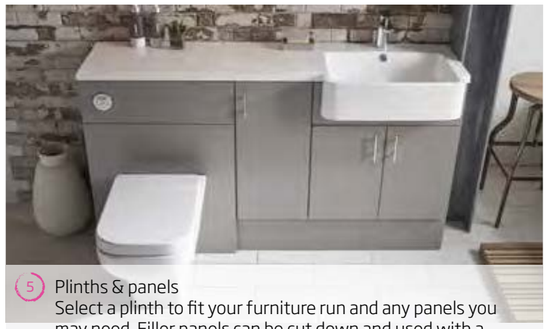
1 Door style & finish
Choose your door style and finish-either the slab door of muse or the Shaker style of stow's door. Then choose your desired door finish to front your standard depth or space-saving slim depth units.

2 Handle options
Choose your handle style from the 6 available options.



3 Worktop options
Select a worktop from either our Strata solid surface or laminate options. Alternatively, for a sleek contemporary look, opt for our Isocast worktops with integrated basin, available to fit both standard and slim depth units.

4 Sanitaryware options
Choose your R2 sanitaryware. See pages 108-139 for options.



5 Plinths & panels
Select a plinth to fit your furniture run and any panels you may need. Filler panels can be cut down and used with a worktop to fill a void in a wall-to-wall installation.

6 Mirrors & cabinets
Choose your preferred mirror or cabinet, see pages 166-177. Also add any useful wall cabinets.

7 Lighting option
Select a stylish lighting option. See pages 94-95 and 107.

8 Bath panels
Select a coordinating bath panel.

9 Tap options
Complete your bathroom with the addition of an R2 basin mixer. See pages 144-155.

Bring a touch of classic design to your bathroom with our Stow furniture range. Available in either stone grey or natural white, these muted tones complement the elegant shaker design and deliver timeless styling.

stow features

Unit sizes
With colour matched interior carcasses, choose between standard or slim depth and either 500, 600 or 700mm basin units depending on the size of your room. Then, why not opt for coordinating wall and floor cupboards. Our back to wall WC units also come in two widths, 500mm and 600mm

Soft close
Doors feature soft close hinges for a luxuriously quiet and controlled movement.

Worktops, basins and sanitaryware
To complement your bathroom style, take your pick from our excellent range of laminate or solid surface worktops on page 93. Then pair this with your choice of semi-countertop basin. Our full range of sanitaryware, including coordinating back to wall WCs, can be found on pages 108-139.

Alternatively, why not create a seamlessly contemporary look by choosing one of our sleek Isocast basins with integrated worktop. See pages 90-91 for more information.

Handle options
A choice of six handles will add the finishing touch to your stow furniture. Go to pages 93 and 107 for handle options.

strata solid surface worktops

Strata worktops are an ideal solution for those wishing for the aspirational look and feel of solid surface worktops, at a price to make it reality. Made from a solid 25mm sheet, the natural stone-like beauty of strata solid surface tops combined with a square edged profile makes them a perfect choice for your bathroom.

Being solid, strata can be cut to whatever size or shape your bathroom demands using standard woodworking tools, with no need to bond on finishing strips. Simply cut to the desired profile and sand down the end to a fine finish.

laminate worktops

High quality and very durable, the R2 range of laminate worktops has been specifically chosen to complement stow & muse furniture units.

clad on panels

Clad on panels are available to allow you to create a framed look with stow or muse furniture. Alternatively cut to fit small voids and run a worktop over for a seamless wall to wall look.

worktops and handles

Our strata solid surface and laminate worktops are designed to be used with our semi-countertop basins. Make your choice from our sanitaryware ranges from page 110.

serenity features

Basin
This semi-countertop basin offers generous wash space within a contemporary design and features a single tap hole. There is an option to suit both standard and slim depth fitted furniture (shown right).

Rimless WC options
Choose a great looking standard close coupled pan, or fully enclosed back to wall design which gives a sleek appearance, making it as nice to look at as it is easy to clean. Or opt for the back to wall WC should you wish to conceal the cistern. The Easi-Clean rimless design makes it exceptionally hygienic and easy to clean internally as well.

Quick release, soft close WC seats
The slim thermoset toilet seat gives a discreet contemporary finish to the WC, or opt for a wrap over style seat as an alternative. Both styles benefit from soft close hinges and quick release lift off for easy cleaning.

debut sanitaryware

debut features

Versatile
Choose from a wide choice of great looking WC options to complement your Debut basin and pedestal or furniture. In addition to the standard close coupled pan and back to wall pan, there is a fully enclosed close coupled WC for a sleek and contemporary look.

Comfort height WCs
The comfort height close coupled or back to wall comfort WCs sit several centimetres taller than standard WCs, ideal for taller, less able or elderly users. The extra height of the pan helps keep knees at a more comfortable angle in use as well.

Soft close WC seats
The soft close WC seats incorporate top fix, quick release hinges allowing quick and easy installation. A contemporary slim version is also available.

sensor flushing

* Touch Sensor Dual Flush Plate
Black Finish TR9016
£129.00
* not suitable for slim-depth furniture

Go for an ultra-contemporary option with our sleek, black glass-fronted sensor dual flush plate. The lightest touch on the plate is all that is required to initiate the flush, and the plate lights up to indicate activation.

The sensor plate is best for use on R2 in-wall concealed cisterns, and requires four AA batteries which will last around a year under normal domestic conditions. The plate allows easy access to change the batteries when required and has a manual override.

contactless dual flush sensor

The contactless flush sensor kit is compatible with pneumatic concealed cisterns from R2, and is best used within furniture. It provides a touchless flush, with just a wave of a hand.

The sensor works using capacitive sensor technology to detect a change in the electromagnetic field. A short wave of the hand in front of the sensor activates the reduced flush, whilst holding your hand up slightly longer triggers a full flush. It is powered by four AA batteries which will last around a year under normal domestic conditions.

The sensor can be mounted behind a back to wall WC unit fascia, or under a worktop or tiled wall near the cistern. A discreet black decal is included to indicate sensor location if desired.

cabinet & mirror collection

Add the perfect finishing touch to complete your R2 bathroom by selecting a mirror or cabinet from our stylish collection.

Do you like to coordinate across your bathroom design? We have a selection of mirrored cabinets and framed mirrors which have been specifically designed to colour-match with our R2 furniture ranges. There is also a matching wall column unit which offers plenty of additional storage to keep your bathroom clutter-free.

Would you prefer a sleek aluminium cabinet? You can go for a simple cabinet above your basin or opt for a sleek illuminated model with LED lighting and a useful recharging socket. All have soft close doors and adjustable shelves.

Are you after a more minimal look? Then take a look at our range of illuminated mirrors. There are lots of styles to choose from, nearly all of which have a heated demister pad to make misty mirrors a thing of the past.

The R2 cabinet and mirror collection represents great value for money, and, whatever your design cues, you will find the perfect one for you.

the perfect match...

Available in a variety of finishes, reflect the curves & lines of your favourite R2 furniture with a coordinating mirror or mirrored cabinet.

mirrors

illuminated mirrors

Don't let inferior mirrors cloud your judgement. All of our illuminated mirrors, bar the entry level Apollo and Atom, have heated demister pads to make misty mirrors a thing of the past, no matter how steamy things get.

LED lighting on our mirrors not only looks stunning, but provides a bright, practical task light with energy saving benefits.

For your peace of mind, all our illuminated mirrors are also IP44 rated for safe use in the bathroom.

quality & service

As one of the UK's largest suppliers of bathroom products, we set very high standards in design, manufacture and service. We also invest heavily in product improvement and innovation to ensure complete customer satisfaction.

Attention is drawn to the policy of replacing any damaged parts with a spare part where possible. Complete exchanges will only be made if damage is extensive.

We reserve the right to amend specifications at any time if an opportunity to further improve the product occurs. All dimensions quoted are within reasonable tolerances.

R2 furniture is designed for use within domestic installations which are adequately ventilated. As with any timber product, bathroom furniture will be adversely affected if it is subjected to excessive moisture. It is strongly recommended that adequate bathroom extractor fans are installed to prevent heavy condensation and all splashes and spillages must be mopped dry as soon as possible. All exposed or cut surfaces must be sealed with a suitable varnish or silicone sealant to prevent blowing. If this is not done, all warranty claims will be void. In particular, silicone sealant must be used around basin and worktop joints and around all edges of bath panels and plinths. All electrical products should be installed by an approved electrician in line with current wiring regulations.

Guarantees are for domestic use only and are not transferable.

All roomsets have been photographed to provide an artistic impression only.

pricing

All prices quoted are inclusive of Value Added Tax at 20% but will be charged at the rate applicable on the date of despatch. We cannot be held responsible for any errors or omissions to products or prices.
