Modular Furniture

# The Qube Modular Range

---

## Qube Glide

---

Qube Glide gives your bathroom a contemporary look with a sleek and stylish handleless design. Available as wall mounted or freestanding units, you can create a configuration that suits your style.

## Qube Edge

---

If you prefer the addition of subtle handles, Qube Edge is the perfect choice for your bathroom. Available as wall mounted or freestanding units with flush-fitting doors, you can create a modern style that looks bespoke.

# Modular Wall Mounted

Wall mounted furniture is a great way to achieve a modern look with the extra illusion of space.

## Qube Glide

Shown here with a Glide Chrome Handle Trim and ceramic slabtop washbasin for a larger basin capacity.

Choose from various widths in either standard or reduced depth units.

## Qube Edge

Create a contemporary retreat using Qube Edge wall mounted furniture, with soft close drawers as standard.

Add open shelf storage and a sit-on ceramic washbasin to configure Qube your way.

Shown here with Brushed Brass Orlo Handles.

# Modular Freestanding

Freestanding units give you the freedom to create your own bathroom centrepiece.

## Qube Glide

Qube Freestanding units are available in various widths, in standard or reduced depth.

Choose either double doors or double drawers for a distinctive look either way.

Shown here with the elegant Glide Brushed Brass Handle Trim.

## Qube Edge

The Qube Freestanding Double Drawer Washbasin Unit looks subtly understated with Brushed Nickel Orlo Handles.

With a choice of eight contemporary finishes, Qube really does allow you to design your own individual piece of bathroom perfection.

# Cloakroom Solutions

The Qube range offers compact and versatile solutions for smaller spaces.

p42  
for cloakroom  
solutions

## Qube Glide

Shown here in White Gloss with a Matt Black trim.

Choose from a ceramic basin (left) or a mineralcast basin as shown above.

## Qube Edge

Shown here in Matt White with a Matt Black Orlo Handle.

Choose from a ceramic basin (left) or a mineralcast basin as shown above.

500, 600, 800mm **Reduced**  
610, 810mm **Standard**

Mineralcast basin shown. Also available with a ceramic basin

\*All sizes stated are approximate widths. Please refer to specification pages for dimensions

Style Shown: Qube Glide

# Creating your Modular Qube Bathroom

Qube is the very essence of simplicity. Follow our simple guide and create your perfect bathroom using a choice of wall mounted or freestanding configurations.

## Choose your layout

**Wall Mounted**  
For a contemporary look, Qube Wall Mounted furniture can be customised with open shelf storage and a choice of basins.

**Freestanding**  
For maximum storage, our freestanding furniture options offer maximum internal capacity and are great for concealing pipework. Choose either double doors or double drawer.

\*To be used in conjunction with a worktop

## Worktops

Find a worktop to suit your style. Choose from our 22mm laminate worktops or 12mm compact laminates which offer an array of options to complement your chosen furniture finish.

22mm Laminate Worktops

12mm Compact Laminate Worktops

## Looking for a Cloakroom solution?

If you have a smaller room, choose our Cloakroom furniture options which can give you the style you love, but perfectly suited to give the impression of space.

Choose our short projection Brassware to complement the smaller sanitaryware and add a short projection Matese Back-to-wall Toilet to make the room feel bigger.

## Finishing Touches

Choose from two stunning contemporary brassware ranges, Razo or Divine, both available in a choice of Chrome or Matt Black, or our new Brushed Brass Divine to coordinate with your handle choice.

Finally, consider those all important finishing details – from coordinating toilet units, tall storage units, bath panels to lighting options.

With a selection of mirrors and mirror cabinets at your fingertips too, you can complete the overall look of your bathroom. Remember, choosing a mirror cabinet rather than a mirror will give you even more storage space.

# Configuring Qube Modular

Experiment with different configurations until you find the perfect style for your bathroom.  
Below are just a few examples of configurations achievable.

**590mm reduced\***  
with square sit-on basin

470 and 770mm washbasin units also available

**810mm standard run\***  
with round sit-on basin

790mm washbasin unit also available

**810mm standard run\***  
with round sit-on basin

790mm washbasin unit also available

**990mm reduced run\***  
with square sit-on basin

470 and 770mm washbasin units also available

**1600mm twin basin standard run\***  
with two square sit-on basins

590mm washbasin units also available

**1400mm twin basin standard run\***  
with two round sit-on basins

790mm washbasin unit also available

**1600mm large storage standard run\***  
with two square sit-on basins.

790mm washbasin units also available

\*Sizes are approximate and design inspiration, refer to the specification section for further details.  
\*\*Note overall dimensions given as the headline size include worktop, which include an overhang.

# Qube Cloakroom Solutions

A compact and versatile solution for a tiny space, a Qube Cloakroom exudes style.

With clever space-saving solutions, even the smallest cloakroom can be imaginatively and expertly planned, resulting in a small yet stylish addition to your home.

## Compact Contrasts

Every bit as versatile as larger Qube washbasin units, our Cloakroom units are available as Wall Mounted or Freestanding, in any Qube finish, with a choice of Qube Glide or Qube Edge in Chrome, Matt Black and Brushed Brass.

# Bath Panels

## Choose your finish option

To specify your unit finish, add your finish code to the end of the product code, in place of \*\*. For example, to order a Qube Bath Side Panel 1700mm in Wild Green use QBE17611

White Gloss Finish code: 01    Matt White Finish code: 08    Sandy Ecrú Finish code: 17    Matt Grey Finish code: 09    Indigo Blue Finish code: 10    Wild Green Finish code: 11    Anthracite Strata Finish code: 05    Sorrento Walnut Finish code: 07

## Bath Side Panel

1700/1800mm x 500mm

## Bath End Panel

692/792mm x 500mm

Size	Code	Price	Size	Code	Price
1700mm	QBE176**	£230	700mm	QBE179**	£118
1800mm	QBE177**	£251	800mm	QBE180**	£133

## Bath Side Plinth

1850mm x 190mm

## Bath End Plinth

800mm x 190mm

- Suitable for taller bath applications
- Adding plinth allows the bath panel to be installed up to 670 high

- Suitable for taller bath applications
- Adding plinth allows the bath panel to be installed up to 670 high

Size	Code	Price	Size	Code	Price
1850mm	QBE178**	£141	800mm	QBE181**	£81

# Mirrors

## Frameless Mirror

400mm x 20mm x 850mm

- Complete with wall hanging kit
- Aluminium coloured frame

Size	Code	Price
400mm	QBE175	£226

## Illuminated Mirror

500/600/800mm x 50mm x 660mm

- Infra-red switch-activated lighting
- Demister
- IP44 Rated
- Natural White LED light (colour temperature 4200 kelvins)

Size	Code	Price
500mm	QBILM50	£372
600mm	QBILM60	£412
800mm	QBILM80	£461

## Solo Illuminated Mirror

500/600/1200mm x 34mm x 660mm

- Touch switch-activated lighting
- Demister
- IP44 Rated
- Natural White LED light (colour temperature 4200 kelvins)
- Features surround ambient lighting

Size	Code	Price
500mm	SOLOILM50	£317
600mm	SOLOILM60	£349
1200mm	SOLOILM120	£423

## Room Motion Smart Sensor

65mm diameter

- A room motion sensor is the ideal way to control your bathroom lighting automatically. Simply programme it to your exact requirements to suit your lifestyle and let it do the rest for you
- Select duration of illumination in your bathroom
- Smaller than an average spotlight
- Easy removal of the sensor face to reveal control panel

Name	Code	Price
Smart Sensor	ACC00001	£66

### Lux adjustment

The above setting position would activate the sensor, whatever the lighting conditions.

### Time delay adjustment

The above setting position would ensure that the lights remain on for 3 minutes after the last movement in the room is detected.

All prices are inclusive of VAT at 20%

## Choose your finish option

To specify your unit finish, add your finish code to the end of the product code, in place of \*\*. For example, to order a Qube 500mm Modular Mirror Cabinet in Wild Green use QBE16311

# Why Choose Qube from Utopia?

## British Bathroom Perfection

For more than three decades, we've been committed to providing the best bathroom solutions possible. Through creative design, tireless research and development and continued investment in the very latest manufacturing processes, we're confident that a Utopia bathroom really does symbolise British made Bathroom Perfection.

Since 1989, our ethos has always remained the same; to offer creative and inspiring bathroom solutions, designed and manufactured here in the UK to the very highest specifications.

With an emphasis on style, our ranges have always led the way in British bathroom design.

## Sustainably sourced and built to last

We strive to engineer products with the longest possible lifespan. That's better for you and better for the environment.

Our cabinets don't travel across the planet to reach you, they are despatched direct from the point of manufacture in the heart of the Midlands, saving hundreds of tonnes of carbon every year.

A multi award winning brand

## We're Award Winning

Over recent years we're delighted to have been voted Best British Bathroom Furniture Brand at the BKU Awards on a number of occasions, a genuine endorsement of everything we stand for at Utopia.

The Qube Collection was also awarded the winner status for the Best Modern Bathroom Range in the Ideal Home Awards 2024.

# Bathroom Electrical Zones

Utopia cabinets with electrical components are not suitable for use in Zones 0,1 or 2 unless IP44 rated. The bathroom zones are shown in the diagram below and where electrical components can be fitted.

## Zone 0

Covers the areas inside the bath or shower area. If you decide to illuminate this area the fittings must be low voltage and must have a minimum rating of IP67 making them immersion-proof.

## Zone 1

Covers the area directly above the bath or shower area to a height of 2.25m from the floor. A light with a minimum IP44 rating is required for this area. If the light uses 240V supply, a 30ma RCD (residual current device) must be used to protect the circuit in this zone.

## Zone 2

Covers the area 0.6m outside the bath's perimeter and to a height of 2.25m from the floor. As with Zone 1, a minimum IP44 rating is required for this area.

## Outside Zones

Outside zones cover areas which fall outside of Zone 0,1 and 2 and are well away from any contact with water. No IP ratings are required for light fittings in this area.

# Qube Terms and Conditions

## TERMS AND CONDITIONS

We hope you found our brochure inspirational and informative. We make every effort to display colours accurately, but cannot guarantee an absolute match on our website and in our printed material so you may find that products vary slightly in colour. Many of our products are made to order, meaning that some of our product sizes and measurements indicated in our promotional material may be subject to slight variation and we'd ask you to plan accordingly.

## SAMPLE SERVICE

You will find displays of our furniture styles, colour samples of finishes and worktops are available to view at over 600 Utopia specialist retailers across the UK. To find your nearest showroom visit our website. We also offer a free online sample service where you can order your preferred colours of finishes and worktops from our website to review in the comfort of your home.

## GENERAL GUARANTEE TERMS

All Utopia products are designed and manufactured to comply with or exceed accepted industry standards and tolerances. In the unlikely event that a product fails to meet our high expectations it will be replaced free of charge. Any product deemed to fall within accepted standards and tolerances will be subject to a replacement fee. All claims to be diverted through the retailer the product was purchased from.

## GENERAL GUARANTEE:

- Applies when:
  - Products are installed correctly in accordance with our fitting instructions and are for domestic use in a room with suitable ventilation; we highly recommend the use of an extraction fan.
  - Cisterns and taps are fitted in accordance with current local and national water regulations;
  - Furniture is not used in a wet room environment or in frequent direct contact with water.
- In the event of a product failure within the guarantee period (from the date of purchase) Utopia will supply a free of charge replacement for the failed item. If that part is no longer available, a nearest equivalent replacement will be supplied. Our guarantee is limited to the products supplied and does not cover any associated installation costs, consequential loss or damage claims.
- The terms of this guarantee do not affect consumer statutory rights.
- Any guarantee is limited to the original purchaser, is non-transferable and does not cover the purchase of ex-display items.
- To obtain replacement parts in accordance with the terms of this guarantee, please contact the retailer who supplied the products.
- Product guarantees may be invalidated through incorrect care and maintenance procedures. These are contained in the original product packaging and are also available from our Customer Services team.
- All electrical installations must be carried out by a suitably qualified electrician. Your guarantee does not cover products incorrectly installed.

## BATHROOM FURNITURE

Utopia furniture has been specifically designed and manufactured for performance in general bathroom use and carries a 5 year guarantee. All bathroom furniture will deteriorate through prolonged periods of exposure to high levels of condensation so bathrooms must be adequately ventilated using suitable extraction to avoid this. Failure to ensure adequate ventilation may invalidate your guarantee. Bathroom furniture is not specified or designed for use in areas of regular or direct contact with water, particularly in wet room environments or where direct and/or regular water contact is prevalent. Any guarantee does not extend to this use. Please refer to individual product pages within this brochure for IP rating information and bathroom zone suitability information. If you are in any doubt, please consult a qualified electrician.

## CARCASS MATERIAL

Many of our finishes are intended to replicate natural materials such as wood and stone where pattern and shade variation are distinct parts of the design.

## MINERALCAST PRODUCTS

Mineralcast products carry a 5 year guarantee and are supplied with a 2% dimensional tolerance.

## SANITARYWARE

Utopia sanitaryware carries a lifetime guarantee against manufacturing defects and is supplied with a 2% dimensional tolerance. Installation must be in accordance with the instructions provided and failure to comply with these may invalidate the guarantee.

## TOILET SEATS

A 2 year guarantee applies to all toilet seats and related components. It is the responsibility of the consumer to ensure that suitable cleaning products are used. Do not use abrasive cleaning products or cleaning products that contain chlorine or acids, as these may cause yellowing or peeling of the material. After cleaning, wipe the seat with a well wrung out cloth. Leave the seat and lid up whenever strong cleaning products are left in the bowl of the WC pan to prevent damage from vapours.

## CONCEALED CISTERNS

Concealed cisterns carry a 5 year guarantee against manufacturing defects. It is the responsibility of the individual installer to ensure that these products are fitted correctly and in line with the instructions provided. Push buttons and push plates come with a 2 year guarantee against manufacturing defect.

## BRASSWARE

Brassware products are either suitable for high or low pressure, some are suitable for both so please refer to the product description for further information. Brassware carries a 10 year guarantee on brassware and a 5 year guarantee on cartridges against manufacturer defects. Specialist finish brassware such as Matt Black and Brushed Brass carries a 2 year guarantee. All basin and bath wastes carry a 5 year guarantee for chrome finishes and a 2 year guarantee for Ceramic, Matt Black and Brushed Brass finishes.

## COMMERCIAL APPLICATIONS

A 12 month guarantee applies to all products fitted in a commercial environment.

## CARE AND MAINTENANCE

We have found that most issues stem from poor ventilation in bathrooms. We recommend that you ensure your bathroom is well ventilated using a suitable air extraction fan before our products are fitted. We regret that we cannot guarantee our products if they have been fitted in a poorly ventilated bathroom. Our specialist retail showrooms can provide advice and help you make the right ventilation choices.

With proper care and maintenance your bathroom products will last for years to come. The best and safest cleaning method is to use only warm water or pH neutral cleaner with a soft clean cloth. Never use an abrasive cloth. Never use chlorine, caustic, acid or alkaline based cleaners.

## OUR ENVIRONMENTAL COMMITMENT

Sustainability is high on our agenda and we strive to make the least environmental impact. From the wood we use, the energy we consume, to our transport logistics, we take care to ensure we operate as responsibly as possible.

The information contained in this brochure is correct at the time of print as of July 2025. However, we reserve the right to alter materials and specifications in line with our continuing programme of product and service development.
